

Wall Tap Power Bars

Maestro wall taps provide convenient power bar solutions in tight fit applications as they connect directly to the wall outlet without a power cord to consider. To ensure performance and security, all models feature both EMI / RFI filtration and transient voltage surge protection.

ONE OUTLET SURGE PROTECTED WALL TAP

840 Joules

WT1

- 1 outlet
- **26db** EMI / RFI filtration
- Surge / ground LED indicators

WT3

- 3 x 45° angle outlets
- **26db** EMI / RFI filtration
- Surge / ground LED indicators

THREE OUTLET SURGE PROTECTED WALL TAP

420 Joules

WT6

- **1 in 1 out** Phone
- 6 outlets
- **25db** EMI / RFI filtration
- Surge / ground LED indicators

SIX OUTLET SURGE PROTECTED WALL TAP

840 Joules

WT6TV

- **1 in 1 out** Coax and **1 in 2 out** Phone protection
- 4 regular outlets + 2 adaptor outlets
- **25db** EMI / RFI filtration
- Surge / ground LED indicators

SIX OUTLET SURGE PROTECTED WALL TAP

540 Joules
