

RFID Tag

The PR2600 is designed for ease of use and security. The portable tag securely transmits a unique code when in close proximity to an RFID keypad reader or control panel to arm and disarm the alarm system. Something that is especially well appreciated when in a rush or caught with your hands full when entering or exiting the premises.

What's in the box?

2 x PR2600
1 x User manual

Works with the following Smanos systems
W100 / W100I / W020 / W020I / L020 / S105 / X330
