## Bluetooth STEREO Micro system with CD player

The LMS CD/FM radio stereo system is simple to set up and easy to use. The LMS system has an elegant black finish, which was designed to match a wide range of interiors and their compact design allows it to be placed anywhere to fit into your lifestyle. RCA outputs allow you to connect an external subwoofer to fill the room with deep and powerful bass. The LMS stereo system offers user-friendly features such as built-in Bluetooth wireless technology to enjoy music from supported devices, such as smart phones, digital audio players, and personal computers. Features also include a CD player, FM radio, USB port to connect a USB stick and an auxiliary port for non-Bluetooth devices.

- CD player
- FM radio with up to 55 stations preset
- BT Stereo Version 2.1
- DSP with 3 presets
- USB input

- Line in
- Subwoofer out
- Soft glow LCD display
- On board soft touch control functions
- Full function remote control
