

The **Omage AT and ATV series** of speaker selectors enable two source switching to as many as four or six pairs of speakers that can be played simultaneously. Rated at 100 watts RMS per channel, these selectors feature independent On/Off and source controls and are equipped with multiple impedance matching autotransformers to protect your amplifier.

**AT4**  
4 zone speaker selector

**AT4V**  
4 zone speaker selector with individual volume controls

**AT6**  
6 zone speaker selector

**AT6V**  
6 zone speaker selector with individual volume controls

Quality switches and components ensure high fidelity sound even when all outputs are engaged simultaneously

All units are equipped with impedance matching transformers at every output

17"

Standard 17- inch wide format integrates easily with other equipments.

Model	Type	Power Handling RMS (watts)	Volume Attenuation	Source Selection	Individual On/Off	Terminal Gauge	Weight ea (kg / lb)	Dimensions (H x W x D) cm / inches
AT4	Without Volume	100	N/A	2	Yes	22 to 14 AWG	3.4 / 7.5	5.7 x 43 x 16.5 / 2¼ x 17 x 6½
AT6	Without Volume	100	N/A	2	Yes	22 to 14 AWG	4.1 / 9	5.7 x 43 x 16.5 / 2¼ x 17 x 6½
AT4V	With Volume	100	9 step	2	Yes	22 to 14 AWG	3.6 / 8	5.7 x 43 x 17 / 2¼ x 17 x 6¾
AT6V	With Volume	100	9 step	2	Yes	22 to 14 AWG	4.2 / 9.4	5.7 x 43 x 17 / 2¼ x 17 x 6¾

Omage is pleased to introduce a more affordable line of **audio selectors and speaker selectors**. Three and five source audio selectors make it easy to add more input options on an already loaded receiver while three and four pair speaker selectors are ideal for adding extra speakers throughout the house.

Quality switches and components ensure high fidelity sound even when all outputs are engaged simultaneously

Impedance matching transformers at both outputs

**AT2V**
