

Retailers and experienced installers have long relied on spec certified Omage Point 5 Custom RG6, Cat5e and Cat6 data cable. For working convenience, it has length indications at every meter and is packaged in easy-feed, heavy-duty, double-walled boxes.

COAXIAL WIRE

AVAILABLE COLORS :

BLACK WHITE

RG6 (3GHz)

- Copper-clad steel center conductor
- Polyethylene foam insulation
- First shield 100% aluminum foil coverage
- Packaged in a 1000 ft, heavy-duty, pull-out box
- Count-down length in meters printed on wire jacket
- Perfect for satellite dishes, antennas and 75 ohm CATV applications.

Model	Color
RG6-300N	Black
RG6-300W	White

CAT5e

- 4 twisted pairs cable
- 8 x 24 AWG solid copper conductors
- 350 MHz frequency
- Meets Cat5e specifications
- Ideal for 10Base-T(IEEE 802.3), 100Base-TX(IEEE 802.3u), 1000Base-TX
- 1000ft pull out box

CATEGORY 5 DATA CABLE

AVAILABLE COLORS :

BLUE WHITE

CATEGORY 6 DATA CABLE

AVAILABLE COLORS :

BLUE WHITE

CAT6

- 4 twisted pairs cable
- 8 x 23 AWG solid copper conductors
- 550 MHz frequency
- Meets Cat6 specifications
- Ideal for 10Base-T(IEEE 802.3), 100Base-TX(IEEE 802.3u), 1000Base-TX, and 10GBase-TX
- 1000ft pull out box
