

The **Omage QW1** wireless speaker makes it easy to transport your music into the garden, the patio or anywhere else, without need of complicated connections, as the wireless transmitter sends music from any source. In full sun conditions, the QW1 solar panel can charge the built-in battery, while playing music at the same time. To cover large areas, multiple QW1 speakers can conveniently be synchronized to a single transmitter.

Weather-resistant

Solar Panel
